Summation Case Organizer

Empowering Litigation Teams

Empower litigation teams to build a case from the ground up as they prepare for trial with Summation Case Organizer. Improve case organization, analysis and collaboration through the use of a powerful, yet simple and intuitive workflow. With Case Organizer you can easily chronicle, organize and search important facts, relevant events, key testimony, questions and summaries. Reviewers can seamlessly track key witnesses, issues and notes of each case while copying information from documents or transcripts and pasting into customized o»utlines with ease. You can even link important documents, pleadings and legal research to the case!

Get Organized

Getting organized and staying organized is the key to success in any large-scale legal matter. Sure, you can be disorganized and still do your job. The question is how well are you doing it and how can you do it better? Summation Case Organizer empowers legal teams to be more successful with real-time access to key connections, case data, testimony, pleadings and legal research within your entire case.
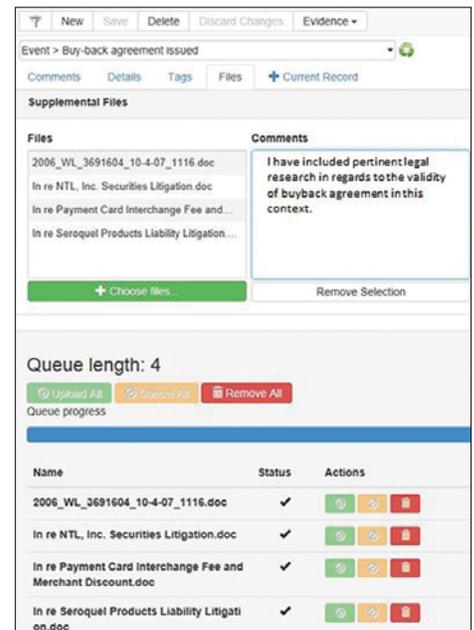

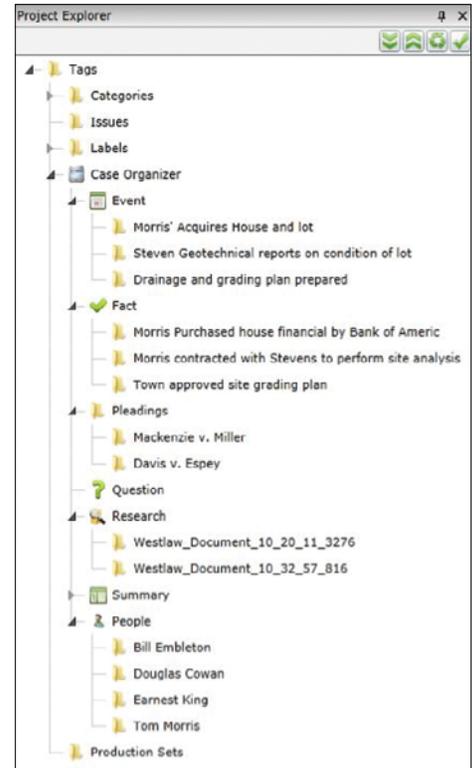

Make Key Connections

To win a lawsuit, a legal team must prove every element of a legal claim. Just like puzzle pieces sitting in a box, your supporting facts and data can be put together to show a complete picture. Case Organizer allows teams to take legal and investigative research, analyze that information and create important connections.

Case Organizer allows the creation and management of:

- Events
- Facts
- People
- Transcript Excerpts
- Questions
- Summaries
- Pleadings
- Legal Research

Team Collaboration

Performance is hindered when team members do not communicate well together. Being able to work productively within a team is one of the most crucial aspects of achieving success in complex litigation. Summation provides a real-time review platform that allows collaboration regardless of location for your entire litigation team. Users can freely access cases from anywhere with Summation's secure web-based viewer. For those on the go, carry entire cases on your laptop—transcripts, documents, outlines, chronologies—with Summation's offline review capability!
